

Safety Standards for Clients

- The following question will be confirmed negative prior to any services:
 - * Have you tested positive or been in close contact with someone who has tested positive for COVID-19 in the last 10 days?
- We are recommending that each client wash hands/use hand sanitizer when entering the building.
- We are maintaining sanitation prior to your appointment and between each client in the salon.
- We request that you pay by electronic means. Our front desk team can help you with our credit card machine.
- All products have been cleaned and sanitized prior to purchase to ensure your safety.
- We are still offering online & phone retail sales. Curbside pickup is available upon request.

Thank you for your continued support !

Halo Crew
