

Safety Standards for Employees

- Staff mask policy will be as follows:
 - * Requested to follow CDC guidelines on masking in common spaces, such as waiting areas
 - * Providers to remain masked until client gets to location of service
 - * Providers will ask client about their level of comfort regarding masks and keep or remove mask accordingly during service, erring on side of caution
 - * Private service rooms are available for clients needing or preferring to be in areas without unmasked individuals
- All staff members will be required to wash hands when entering the building daily and between all clients
- If several of the staff are in the break room, please try to respect 6-foot social distancing.
- Enhanced sanitation is still required between each client in the salon.
- If a team member is sick or displaying symptoms, or if they have tested positive or come into contact with someone testing positive with COVID-19, they will stay home or be sent home until it is safe and appropriate for them to return.
- All products have been cleaned and sanitized prior to displaying to ensure your safety.
- Common spaces, waiting area, surfaces, door handles, and restrooms are cleaned frequently and logged to ensure highest possible level of sanitation.
